

Local Dentist Completes LVI's Full Month Reconstruction Course

Dr. Bill Dickerson, Founder/CEO of LVI, and course director(left), looks on as Dr. Shandrick completes a full mouth rejuvenation with assistant, Carol Palko

For many people, a beautiful white smile can be achieved in a matter of a few weeks instead of years. How is this possible? L Vis Full Mouth Reconstruction course teaches doctors how to accurately diagnose complex occlusal and restorative signs and symptoms, scientifically determine a patient's ideal vertical, and insure a lifetime of comfort with the results. The result? Natural looking restorations that can create the perfect smile... almost instantly!

A local dentist, Dr. Robert Shandrick recently completed post-graduate training at the prestigious LVI Global, located in Las Vegas, Nevada. Dr. Shandrick completed the Full Mouth Reconstruction program under the world-renowned Dr. William Dickerson, a Fellow of the American Academy of Cosmetic Dentistry. While at the Institute, Dr. Shandrick underwent intensive training including completing a case on a live patient under the direction of the instructors.

Dr. Shandrick is one of the few dentists in the area that has completed a program that teaches skills as extensive and progressive as these. His commitment to excellence is emphasized by undergoing this training to provide patients with only the best restorations and care possible. By undergoing this training, Dr. Shandrick has achieved the clinical ability to give worn and unattractive teeth, an entire full mouth rejuvenation, for a dazzling, and physiologically healthy smile. **For more information, call LVI at (888)584-3237 or contact Shandrick Dental Care Studios at (570)788-1870, (570)929-2331 or by visiting www.ShandrickDentalCare.com.**
