

# Local Dentist Completes LVI's Direct Resin Course

Patients today want their dentistry less invasive and more aesthetic, both of which can be accomplished with the use of direct resin. LVI's course, The Art of Direct Resin, illustrates the value of using direct composite resin for treating anterior restorative and cosmetic needs.

This September, a local dentist, Dr. Bob Shandrick, completed post-graduate training at the prestigious Las Vegas Institute for Advanced Dental Studies (LVI) located in Las Vegas, Nevada. Dr. Shandrick completed the Art of Direct Resin program under the highly acclaimed Dr. Ron Jackson. This three-day course included a mixture of lecture, over-the-shoulder observation and hands-on participation.

Today's dentistry and today's patients demand aesthetic results, not just with elective cosmetic dental work, but with all routine dental restorations. Dr. Shandrick is one of a few dentists in the area who has completed a program teaching skills as extensive and progressive as these. His commitment to excellence is emphasized by undergoing this training to provide patients with only the best restorations and care possible.

For more information, call LVI at (888) 584-3237 or contact Dr. Shandrick at (570) 929-2331 (McAdoo) or (570) 788-1870 (Conyngham) or visit [www.shandrickdentalcare.com](http://www.shandrickdentalcare.com).

- Cosmetic Dentistry (Porcelain Veneers)
- Zoom II (Power Tooth Whitening)
- Neuromuscular Dentistry (TMJ Treatment)
- Smile Rejuvenation (Makeover)

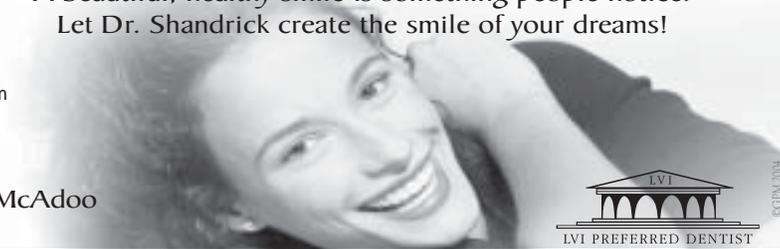

## How Captivating is Your Smile?

A beautiful, healthy smile is something people notice.  
Let Dr. Shandrick create the smile of your dreams!
